## Bring your employer brand to life

Clinch Employee Connections delivers an AI-powered discussion platform connecting candidates to real employees, as well as providing you with the tools to create and share on-brand, authentic recruitment marketing content with a single click.

**Create**

Identify and create authentic employee-generated content at scale with the Clinch Employee Connections tools including: virtual events, careers Q&A chatbot, video and always-on Q&A enhanced by AI.

**Share**

Boost SEO efforts and easily share content to social media with a single click. Employee Connections automatically selects the most popular stories and creates branded, ready to publish social media content.

**Convert**

Increase conversion rates and diversify your talent pool through talent nurturing, re-engagement, job ad plug-ins and more to create a tailored candidate experience and boost quality applications.
